

Musculoskeletal Symposium

Organizers: Muskrad/DRS

Thursday May 23, 2019 - Room 4

Nordic Congress of Radiology 2019

08:30-10.00 **MRI vs US in the shoulder and elbow**

Chairs: Mikael Ploug Boesen *and* Philip Hansen, Frederiksberg/Bispebjerg, Denmark

- ▶ Pros and cons on MRI vs US for shoulder and elbow imaging with live US demo (90 min.)
James F. Griffith, Hong-Kong, China

Coffee

10:30-12.00 **Spine**

Chairs: Lone Morsel *and* Zoreh Rasti, Frederiksberg/Bispebjerg, Denmark

- ▶ Degenerative and inflammatory spine (25 min.)
Lennart Jans, Ghent, Belgium
- ▶ Imaging of the sacroiliac joints with correlation to anatomy and common pitfalls mimicking inflammatory sacroiliitis (25 min.)
Kay-Geert Hermann, Berlin, Germany
- ▶ Normal findings mimicking inflammatory spine changes (25 min.)
Anne Grete Jurik, Århus, Denmark
- ▶ Discussion (15 min.)

Lunch in exhibition area

13.00-14.30 **Arthritis**

Chairs: Mats Geijer, Lund, Sweden *and* Seppo Koskinen, Stockholm, Sweden

- ▶ Differentiation of the most common arthritis diagnoses in the hands and feet (50 min.)
Lennart Jans, Ghent, Belgium *and* Kay-Geert Hermann, Berlin, Germany
- ▶ Treating the most common arthritis of the peripheral skeleton and impact of imaging on treatment decisions (40 min.)
TBA

Coffee

15.00-16.30 **Children**

Chairs: TBA

- ▶ Overuse injuries, growth disturbances and traumatic injuries in the skeleton of children (40 min.)
Lennart Jans, Ghent, Belgium
- ▶ Growth findings that mimic disease on imaging in normal children (35 min.)
TBA
- ▶ Discussion (15 min.)
