Nordic Congress of Radiology 2019

Wednesday 22 May

	First morning session		Second morning session		First afternoon session		Second afternoon session	
Room 1 Society DRS/DNRS/ DSMMR	Neuroradiology Stroke	Coffee	Neuroradiology Dementia	Lunch	Neuroradiology Ear-Nose-Throat	Coffee	Neuroradiology Advances in diffusion MRI	
Room 2 DUDS	Ultrasound Ultrasound of scrotum, kidneys and adrenals		Ultrasound US of liver vascularity and CEUS		Ultrasound Abdominal pain, Future US and nerves		Hands-on ultrasound	
Room 3 RR	Radiography Optimization		Radiography MSK/technique		Radiography Nordic Radiography/Education		Opening ceremony	Opening lecture
Room 4 DRS	Vascular intervention		Radiology today		Radiology today			Harbour tour with light meal
Room 5 DRS	Free communications		Free communications		Free communications			

Thursday 23 May

	First morning session		Second morning session		First afternoon session		Second afternoon session
Room 1 Society DRS/DFOR	Oncology Contrast agents	Coffee	Oncology Peritoneal metastases Spectral CT in oncology	Lunch	Abdomen Pancreatic cysts	Coffee	Abdomen Imaging parenchymal liver disease
Room 2 RR	Radiography Pediatrics		Radiography Pediatrics		Radiography Innovation		Radiography Innovation
Room 3 DSKFNM	Nuclear medicine Prostate cancer Implementation of new tests		Nuclear medicine Prostate cancer New diagnostic possibilities, clinical implications versus current guidelines		Nuclear medicine Prostate cancer What's new? What's next in physics and radiochemistry?		Nuclear medicine Prostate cancer Read with the experts
Room 4 DRS	Musculoskeletal/US MRI vs US in the shoulder and elbow		Musculoskeletal Spine		Musculoskeletal Arthritis		Musculoskeletal Children
Room 5 DRS	Poster competition in poster area				Acta Radiologica		Case report competition
Sim cave		Sim cave (ultrasound)	Sim cave (ultrasound)		Congress dinner		

Friday 24 May

	First morning session		Second morning session		First afternoon session		
Room 1 Society DRS	Mammography	Coffee	Mammography	Lunch	Mammography	Colour codes	
Room 2 RR	Radiography Patient safety/MRI		Radiography Patient safety		Radiography Patient safety		Radiology
Room 3 DRS	Artificial intelligence in radiology Overview		Artificial intelligence in radiology Sequencing		Artificial intelligence in radiology Clinical applications		Nuclear medicine
Room 4 DRO/DSKFNM	Working conditions in radiology		Nuclear medicine Infection and inflammation Bone infections		Nuclear medicine Infection and inflammation Arthritis and vasculitis		Radiography
Room 5 DRS	Chest imaging		Chest imaging		Chest imaging		Ultrasound
					Miscellaneous
